The Sustainable Aviation Buyers Alliance (SABA), a collaboration between RMI, Environmental Defense Fund (EDF) and eight Founding Companies, is working to accelerate the path to net zero aviation.

Join the Sustainable Aviation Buyers Alliance (SABA) during COP26 to learn how you can play your part in decarbonizing the future of flight. SABA is uniting top airlines and customers on a mission to advance sustainable aviation fuels (SAF).

OUR PANEL DISCUSSION WILL FEATURE:

- Major new announcements and updates about SABA’s expanding work to achieve our mission of accelerating the transition to net zero flight.
- Opening remarks from a special guest and executive-level speakers from companies leading the path to Net Zero aviation.
- New opportunities for all private and public organizations to work with SABA to invest in high-integrity SAF to meet their climate goals.

FEATURING

Pete Buttigieg
United States Secretary of Transportation

WITH OPENING REMARKS FROM

Kim Carnahan
SABA Secretariat Senior Director, Engie Impact
